

## Heavy Metal And Pesticide Statement

Greenwood Associates Inc. ("GAI") and its affiliates Florida Bulk Sales, LLC ("FBS") and Chicago Processed Fruit Group, LLC ("CPFG") rely on our suppliers to perform heavy metal and pesticide testing.

Materials procured by GAI/FBS for distribution without further handling and those utilized by CPFG as manufacturing ingredients are monitored for the presence of pesticides in accordance to and as determined by GAI's supply chain program.

To the best of our knowledge, no products distributed by our companies contain heavy metal residues greater than the tolerances established by the Food and Drug Administration or pesticide residues greater than the maximum residue levels established by the Environmental Protection Agency under 40 CFR part 180.

A handwritten signature in black ink, appearing to read "André Molina".
